EMPLOYER DRIVEN INSURANCE SERVICES

Helping employers find
the solution to providing
affordable group health coverage.

"We would be honored if you would trust us with your business."

We want to be a TPA whose actions make it clear that we are here to serve you, our partner and client."

- Stacy Morris, CHRS

How It Came To Be

E.D.I.S. was founded by President and CEO, Stacy Morris in 2014.

Having been offered a contract with one of the nation's top carriers and it's Managing General Agent, Stacy decided the opportunity was too great to pass up. After being in the industry for many years, helping run one of the most reputable TPA's in the industry and creating valuable relationships within the industry, it seemed the timing was perfect.

Within the first year, E.D.I.S. had more than 100 stop loss clients on board and had picked up a fully insured dental contract.

With a great foundation and a strong, experienced staff, E.D.I.S. is in a position to set the standard by which others are measured

It's staff looks forward to building a TPA that can withstand the test of time, and one in which each team member can be proud.
